

### Dear MountainOne Community,

I am very pleased to report that MountainOne closed 2024 ahead of budget, and with our overall financial performance outpacing many of our peers both locally and nationally. Our balance sheet remains strong as evidenced by our capital position and loan quality. We grew our non-interest income with the continued expansion of our insurance agency business, and we remain well positioned for a strong 2025.

I am proud of our senior management team and our Mountaineers for the results we have achieved. This is especially gratifying given the myriad challenges we faced in 2024 such as a continuation of significant economic uncertainty highlighted by rapid and steep interest rate hikes, inflation, unstable supply chains, deposit and liquidity challenges, and a compressing net interest margin. On top of that, the banking industry continued to face an onslaught of new and proposed regulations—and reinterpretations of existing regulations—the management of which required all banks to dedicate significant time commitment and financial resources.

#### **Beyond the Numbers**

Mountaineers from all divisions contributed to projects and initiatives that led to a successful 2024. Below I'd like to highlight a few accomplishments of note:

#### MountainOne Insurance Expansion

MountainOne Insurance continued its expansion into the Pioneer Valley with the acquisitions of the G.W. Morisi Insurance Agency and the McClure Insurance Agency. We were thrilled to add nineteen new team members to the MountainOne family, as well as new offices in Longmeadow, West Springfield, and Wilbraham, MA. We also continued our growth in the Berkshires by opening a new office in Stockbridge across the street from the iconic Red Lion Inn and adding well-established and well-known local professionals to the team.

#### **Commitment to Community**

MountainOne surpassed previous years of giving with a total of \$1.2 million in charitable donations and sponsorships. Two significant multi-year commitments were announced in early 2024: a 5-year \$350,000 pledge to MASS MoCA in support of programs that benefit the local community, and a \$500,000 commitment to MCLA in support of athletics and education programs aimed at retaining talent in the Berkshires.

Mountaineers also volunteered hundreds of hours of their personal time at local nonprofits and community events, including serving on boards and committees. Many Mountaineers also provided financial education to citizens of all ages to help them work toward and achieve their financial goals.

#### Enhanced Technology

Thanks to significant work done in 2023 to launch Q2, our digital banking platform, we introduced several digital service enhancements in 2024 focused on improving the customer experience. Internally, the team developed enhanced workflows to streamline processes and complex tasks, and we launched the usage of Microsoft O365 which offers communications and other digital solutions aimed at creating a more efficient workplace.

#### Joint Regulatory Exams

MountainOne participated in joint FDIC and MA-Division of Banks Compliance and CRA exams, both of which netted positive outcomes. The Compliance exam results were very good with no major findings, and we earned a Satisfactory rating for CRA. The MA-Division of Banks Safety & Soundness exam was also satisfactory, though those results are confidential in nature. While these exams are incredibly important, it is not lost on me that they are also incredibly time-consuming for employees across the organization, all of whom must still manage and deliver upon their daily and strategic priorities. I want to express my gratitude to everyone who contributed to these positive results.

#### **Emerging Leaders**

Many Mountaineers took steps to further their professional development and pursued training programs specific to organizational needs such as communication and leadership. I am especially proud of our Emerging Leaders Program and its recent graduates: Jessica Andrews, Ryan Belanger, Erin Galvin, Betsy Kapner, Alyson Lesure, Paula Malloy, Erik Ray, and Kyle Shepard. This impressive group completed two strategic projects which are being implemented this year: the development of a social media ambassadorship program that will help grow our external reach, and the implementation of a company-wide communication tool that will help us work more collaboratively within and across business lines.

#### **Looking Ahead**

After a strong 2024, we are budgeting to surpass \$1 billion in assets in 2025. We anticipate that modest, positive shifts in the overall economy will lead to modest loan growth, an improving net interest margin, and growing contributions from MountainOne Insurance.

To support our 2025 business objectives, we will continue to align our strategic goals and initiatives with the three pillars of our Strategic Plan: **People, Processes,** and **Technology**. Through this approach, we aim to empower our people to leverage professional development opportunities to learn and grow; to pursue operational efficiencies across the organization; and to introduce new and enhanced technologies that lead to an improved customer experience.

Lastly, our Core Commitments will continue to guide all Mountaineers in their unique roles, ensuring we are aligned in our values. They are the foundation of our success.

#### Thank you

As we strive to deliver best in class products, services, tools and resources to our customers, and with an unwavering commitment to our communities, we want to thank you for allowing us to serve you. We are grateful for your trust and for your business.

Cheers to 176 years!

Robert J. Fraser, President & Chief Executive Officer
